Subject: EMWD Construction Update Near Your Residence – Construction Update

Dear Neighbor:

Eastern Municipal Water District (EMWD) would like to provide you with an update on a project near your residence in Moreno Valley as a follow-up to the communication sent out on September 8, 2023.

Background: In April 2021, EMWD began work on a groundwater well project along Los Cabos Drive, between Plaza Sonada Way and Iris Avenue, at Victoriano Park. This well is an important part of our Perris North Groundwater Program, which will help provide long-term water quality and supply benefits to the region. The project is split up into two phases: the well drilling phase and the well equipping phase. The well drilling phase was successfully completed in August 2021. Due to supply chain challenges, the start of the second phase of the project was delayed.

Project Update: Crews recently completed the first milestone of the equipping phase of the project. The milestone consisted of landscaping and park restoration. See pictures below:

Crews continue to work on the second milestone of the project consisting of building the structure, piping, and motors needed to operate the groundwater well. This work is anticipated to be completed by the end of the calendar year.

Board of Directors

Philip E. Paule, *President* Stephen J. Corona, *Vice President* Jeff Armstrong Randy A. Record David J. Slawson

2270 Trumble Road • P.O. Box 8300 • Perris, CA 92572-8300

T 951.928.3777 • F 951.928.6177 www.emwd.org

The community can continue to expect the following:

- **No parking along Los Cabos Drive**
 - See exhibit on the following page to see marked area for ‘no parking’ – now until the end of the year.
 - Please note that the hours for ‘no parking’ differ from the working hours as crews arrive on-site and conduct their daily meetings prior to starting work.
- **Continuous Work on the Second Milestone: Groundwater Well Building**
 - Crews will continue to work on building the structure, piping, and motors needed to operate the groundwater well.
- **Working hours: Monday – Friday, 7:00 a.m. to 3:30 p.m.**
 - There will be an increase in noise, dust, and vibrations due to on-site construction work during this time.
 - Please note that working days and hours could vary depending on holidays and weather conditions.

EMWD appreciates your patience and understanding as we work to complete this important project. As part of our commitment to our customers, EMWD will continue to keep you updated on the status of this work.

IMPORTANT NOTE: Please keep in mind that this is an active construction site. All people at the site are required to have the proper safety equipment at all times. Should you have any questions or concerns, for your safety and the safety of the crew members, please **do not** visit the well-site to speak to a crew member; contact me directly at 951-928-3777 ext. 4370, or at ramireal@emwd.org. You may also visit www.emwd.org/perrisnorth to learn more.

Sincerely,

Alma Ramirez
Public Affairs Program Manager
